## Overview

Effective January 31, 2013, IBM® will withdraw marketing for the specified revenue part numbers listed in this announcement. Most, but not all part numbers will be replaced. The product content for the new part numbers remains the same as the part number being withdrawn/replaced.

The last dates you can order the withdrawn products are one day previous to the effective withdrawal dates.

IBM's supply of the withdrawn products is limited. Orders for the withdrawn products received by IBM up to one day prior to the effective dates listed will be acknowledged on an as-available basis. By the effective date, either your order will be assigned an IBM calculated arrival date, or you will be notified that the order cannot be accepted.

Orders for which IBM has already assigned a calculated arrival date will be honored. If you defer the calculated arrival date of an on-order product, the order may be cancelled by IBM .

## Withdrawn products

Effective January 31, 2013, IBM will withdraw marketing for the selected part numbers for the following programs. These offerings will not be transitioned.
